

Wasteman Group | *March 2009*

Wasteman Group, one of South Africa's leading waste management and environmental services group, was successfully acquired on the 26th March 2009 in a transaction led by Marlow Capital and Wasteman management.

Marlow acquired Wasteman from its foreign shareholders, and will assume a hands-on approach to the management of both operational and strategic issues, in close partnership with the executive team, to grow Wasteman into a leading regional player. Marlow wishes the new ownership team well, and thanks all our partners for their support in concluding a successful transaction.
